

# Chicago Faucets & The Buy American Act

May 2013

**BUY  
AMERICAN  
ACT**  
**COMPLIANT™**

## Chicago Faucets & The Buy American Act

### Nearly 1,800 Products Available Now!

In 1933, the Buy American Act was signed into law, requiring the U.S. government to prefer American made products in its purchases.

Today, the country has joined together to support the economic recovery, looking for ways to maintain and create jobs for the American worker. Selecting products that meet the requirements of the Buy American Act can help support jobs across the USA.

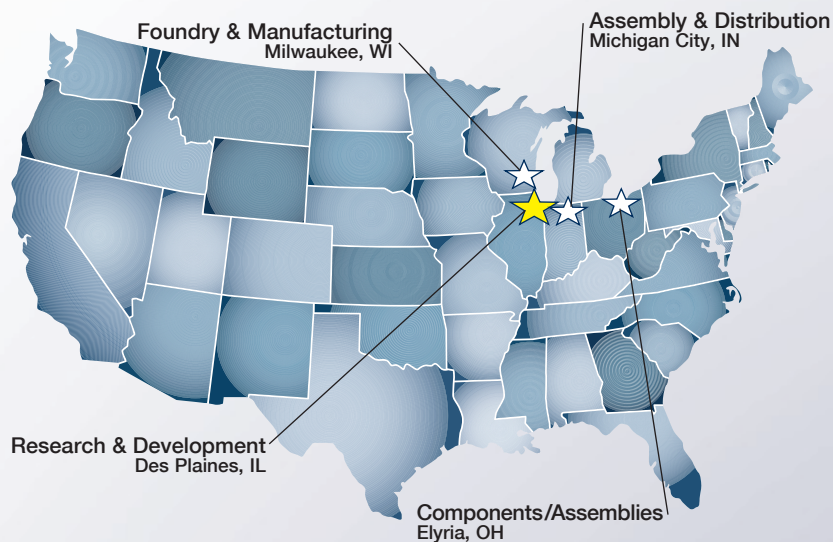

*Over 95% of our products, nearly 1,800 items, meet these requirements.* We are proud to prominently associate our Buy American Compliant logo with products featured in our product catalog and on our website.

### Chicago Faucets and the American Recovery & Reinvestment Act

The American Recovery and Reinvestment Act that President Obama signed into law on February 17, 2009, includes a provision favoring domestic sources. The Buy American provision included in the law establishes a general preference for goods produced in the United States.

Projects receiving federal funding under the ARRA are required by the Buy American provision to purchase American-made goods whenever possible. To date, the provision has already saved or created thousands of American jobs.

Chicago Faucets has been America's leading manufacturer of commercial faucets for over 110 years. With manufacturing, research, and development facilities located in the United States, you can count on products that are made with an unwavering commitment to quality, backed by know-how and determination that is uniquely American.
