HyTronic® Edge

Performance by design.

Real-world experiences of building owners, facility managers, and everyday users confirm what we knew already: our electronic faucets perform better than any others on the market. Best of all, we offer a range of designs to match a wide variety of architectural styles – so you don't have to sacrifice aesthetics to get the performance your clients demand.

Electronic faucets from Chicago Faucets add a touch of style to any restroom.

NEW!

**Modern,
Straight
Lines**

HyTronic® Edge

The clean, straight lines and polished chrome finish add a modern flair to any restroom.

NEW!

**Merging
Classic
& Modern**

HyTronic® Curve

The gracefully curved spout
adds a new level of sophistication
to any room.

Harmony & Balance

HyTronic® Contemporary

Simple, clean lines provide
an uncluttered look in single
and multiple sink applications.

Versatile, Practical Design

HyTronic® Gooseneck

The iconic look of our gooseneck spout is updated with advanced electronic performance.

More than good looks.

Above-Deck Design

Electronics are housed in the faucet body, above the deck. This design makes our products easier to install and maintain than any other faucet on the market.

Remote Control Technology

Programming and diagnostics are easier than any other faucet thanks to our Commander® remote control unit.

3 Power Systems

When it comes to powering your faucet, we offer three choices: AC, DC, or our environmentally friendly Self Sustaining Power System.

Setting the Standard

You can count on Chicago Faucets meeting the latest codes and standards, including AB1953-2006, Vermont S.152, CALGreen, Buy American Act, and ADA requirements.
