

1/2"x1/8"x1/2" EASY ADAPTER

Use with 1/8 MPT union or angle
needle valve to supply water to cooler.

CONNECT 1/4" COPPER OR POLY WATER LINE TO EASY ADAPTER

CAUTION: Turn off electricity at circuit breaker
before working on evaporative cooler.

NOT FOR USE WITH POTABLE WATER LINES

1. Install easy (pipe) adapter to water line using Teflon tape pipe thread sealant.
2. Attach 1/8 MPT x 1/4 cc male union or 1/8 MPT x 1/4 cc angle needle valve to easy adapter.
3. Attach tubing.
