

Jig Saw Blades

Blade Materials

HSS (BETTER) High Speed Steel Blades last 5x longer than High Carbon Steel (HCS) Blades. Ideal for use in metal cutting applications

HCS (GOOD) High Carbon Steel Blades are intended for use with softer materials including wood and plastics

Jig Saw Accessories		
Description	Part No.	For Model(s) No.
Guide Rule & Circular Guide Set	193516-3	4350FCT & 4351FCT
	192732-4	4329K
Anti-Splintering Device (Clear)	415524-7	4350FCT & 4351FCT
	416477-3	4329K
