Optional tools

1. Unit built on heavy-duty steel frame with folding handle for easy transport and storage.
2. Power cord is wrapped around conveniently placed brackets for safe, problem-free transport.
3. Ground Fault Circuit Interrupter (GFCI) safety feature comes standard with 20 foot power cord.
4. Easy-to-use air operated foot switch allows the use of both hands when working with cable.
5. Impact-resistant plastic belt-guard for additional operator safety and quick removal for easier maintenance and repair.
6. Built-in drum-shaft slip clutch minimizes cable and tool breakage and provides overload protection.
7. Unique inner drum design eliminates cable buckling.
8. Cable available in 1/2" certified music wire with genuine galvanized aircraft wire inner core for longer life.
9. Cast aluminum bracket with bearing supported guide tube.
10. Fully open cage for easy cable inspection and cleaning.
11. Large 10" wheels for better maneuverability.
12. Wheel brake stabilizes unit while in operation.
13. Additional rear bar shields motor and allows for more flexible two position operation.

Standard 5 piece tool set

14. Rugged 1/3 H.P. reversible motor delivers plenty of speed cleaning power.
15. Handy tool bag provides convenient storage of tools with unit.

NOTE: Always refer to operator's manual and safety instructions before operating any drain and sewer cleaning equipment.
