

KURV™ Kitchen Suite

Nature-inspired design moves faucet architecture forward.

Fluid curves and sleek lines pair with high-style finishes to create KURV. The dramatic receptor complements a tapered handle and flared wand for organic elegance. The entire design is enhanced by a soft, generous surface blend between the receptor and the handle. For touchless options, consumers can choose between the U by Moen™ Smart Faucet with voice activation or the one-handle pulldown featuring MotionSense Wave™ with a single sensor. Pulldown functionality, a premium metal wand and Moen's Power Boost™ and Reflex® features all combine for exceptional performance.

AVAILABLE FINISHES

-  Chrome
-  Polished Nickel
-  Spot Resist™ Stainless
-  Matte Black
