RESIDEO HYDRONIC HEATING SOLUTIONS.

One Source For All Your Hydronic Product Needs.

RESIDEO HYDRONIC HEATING SOLUTIONS

CONTROLS

Resideo Controls help you generate optimal comfort when and where it's needed. From our T6 Pro Thermostat to our intuitive Zone Valve Control Panels and Zone Switching Relay Panels, our solutions deliver accuracy, efficiency and confidence.

Thermostat

HPZC & HPSR Hydronic Pro Zoning Panels

AQ Series Boiler Relay Control Panel

Hydronic Switching Relays

Aquastat Controllers

PUMPS

Engineered for superior quality, reliability and safety, our Circulating Pumps bring proven performance to today's hard-working hydronic systems. Make Resideo your go-to source for quality pumps for both closed and open loop systems.

PCVF Series Variable Speed ECM Pumps

PC3F Series 3-Speed Pumps

ZONE VALVES

Our advanced Zone Valve portfolio has set the industry standard for reliability, service and installation convenience. Choose the exact, size, voltage, opening characteristics and fitting options you need for the job.

VC Series Cartridge Cage Valves

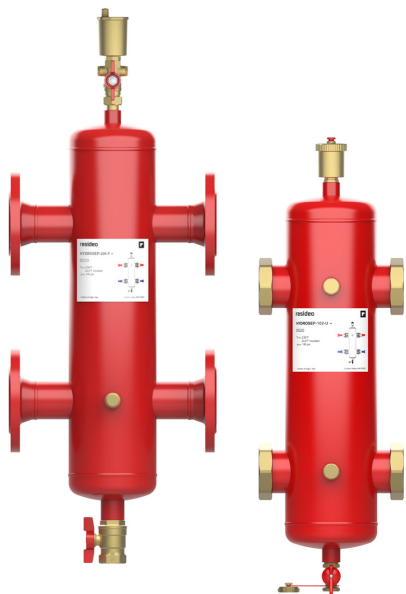

VU Series Fan Coil Valves

V804X & V404X Series Zone Valves

COMPONENTS & ACCESSORIES

We offer reliable components and accessories that bring an extra measure of quality to your installations and give your business a competitive edge. Check out our Hydraulic Separators, Boiler Trim Kits and more.

Magnetic Hydraulic Separators

TK Series Boiler Trim Kits

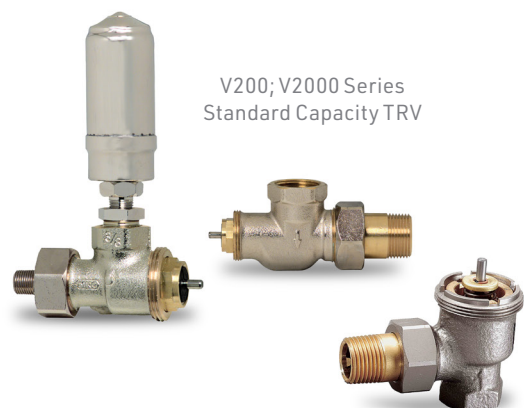

PV Series Air Eliminators

FM911 & NK300S Combination Boiler Feed Valves

THERMOSTATIC RADIATOR VALVES

For superior steam and hot water control that enables greater comfort, efficiency and savings, make Resideo Thermostatic Radiator Valves part of your truck roll. Explore all of our options, including one-piece and high-capacity solutions.

V200; V2000 Series Standard Capacity TRV

V110 Series High Capacity TRV

V135 Series Thermostatic Mixing or Diverting Valves

T104 High Capacity TRV Actuators

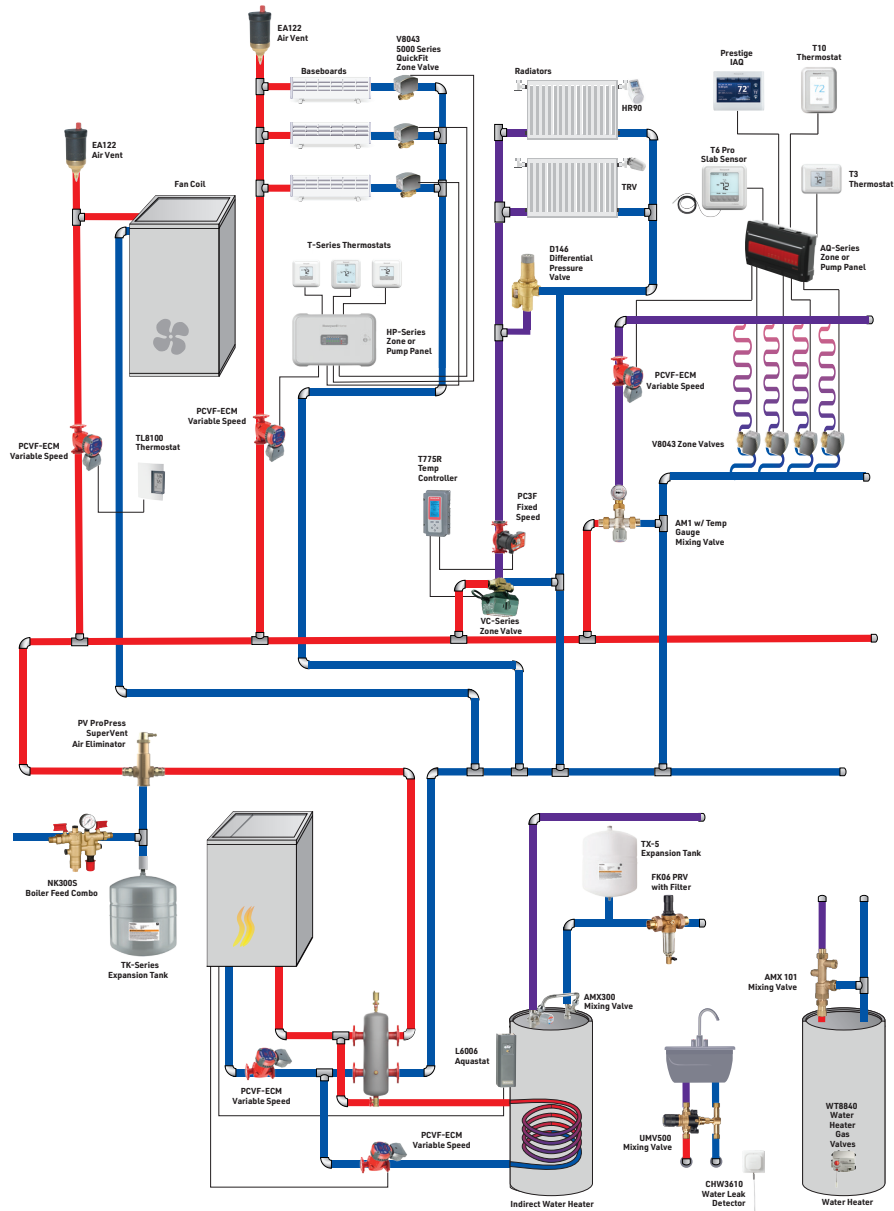

T100 Series Standard Capacity TRV Actuators

HR90 TheraPro Radiator Control

RESIDEO HYDRONIC SOLUTIONS

Resideo makes a wide variety of controls for hydronic systems.
This concept drawing shows various components that can be used in zoned hydronic systems.

Not a typical system. Illustration for reference purposes only. Note: This is only a concept drawing. Designer must design injection and multi-zone systems from the ground up to ensure proper working of the system and compliance with code requirements. Necessary auxiliary equipment and safety devices must be used.
