
DIGITAL ANGLE FINDER

Precision measurements with best in class accuracy of $\pm 0.2^\circ$

DIGITAL ANGLE FINDER

Klein Tools' Digital Angle Finder provides precision measurements for inside and outside angles, lengths, and calculates miter saw angles. It offers best in class accuracy of +/-0.2° for quickly finding any angle and calculating the miter saw blade angle to ensure miter joints are cut to a perfect fit. The compact design with a single AAA battery and premium reverse contrast display allows for easy tool box storage and can be carried around in pockets.

Rust resistant metallic ruler

Deeply etched markings

Built-in miter calculator
find simple angle miter cuts
