GLOW END EXTENSION CORD

The Klein Tools 25-Foot Glow End Extension Cord, equipped with LED indicators that illuminate 20x brighter than standard indicators when powered. This unique design features glowing male and female plug ends, providing optimal visibility for indication and convenience on the job. Its heavy-duty 12/3 AWG construction is engineered to withstand both indoor and outdoor conditions. With the added advantage of a flexible SJEOW jacket, this extension cord excels in extreme temperatures, ensuring reliable power on-site or at home.

LIGHTS UP WHEN POWERED

SJEOW JACKET STAYS FLEXIBLE IN TEMPERATURES DOWN TO -58° F

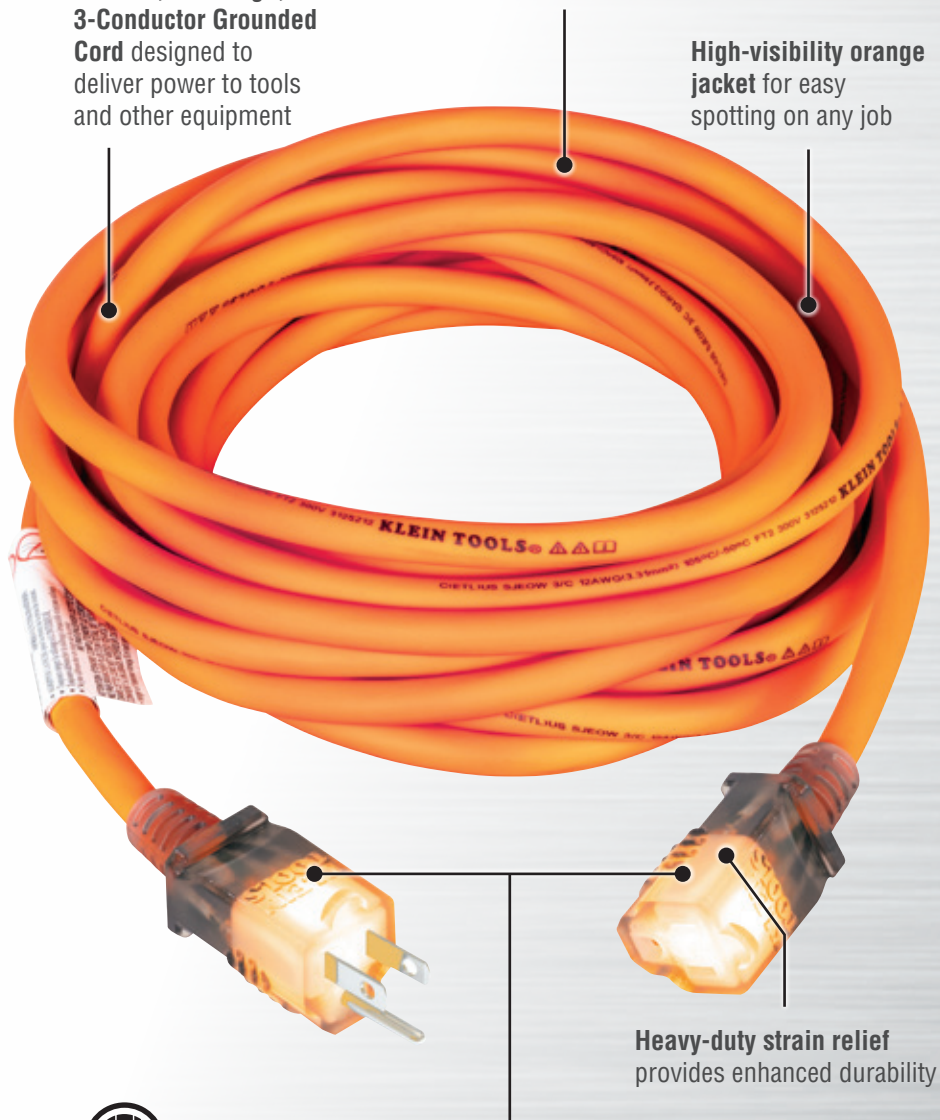

HELPS POWER TOOLS AND LIGHT UP DARK JOB BOXES

SJEOW jacket for maximum flexibility in extreme temperatures

High-visibility orange jacket for easy spotting on any job

25-Foot, 12-Gauge, 3-Conductor Grounded Cord designed to deliver power to tools and other equipment

Heavy-duty strain relief provides enhanced durability

Bright, LED-Lighted ends for quick and easy visibility
