

RS 52 Series

Standard:

- Radius flush style spiral mount diffuser
- Single deflection air deflectors with nylon bushings for easy adjustment
- Blades are parallel to shortest dimension
- Allows 2-way air deflection on one plane
- Soft White
- Foam gasket for air tight seal

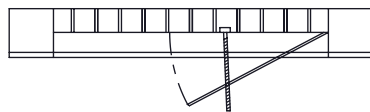

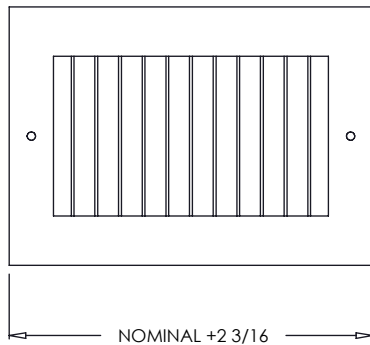

Optional:

- All galvanized finish
- Driftwood Tan
- Designer colors available
- Screwdriver operated spiral scoop extractor (RS 52-SC)
- Recessed screwdriver operated opposed blade damper (RS 52-0)

Ordering Notes:

- Available in 8" thru 30" spiral diameters (Note: Spiral diameter must be 4" larger than register width)

Note: Overall width will vary based on width and diameter of spiral register.
